

Employee Spotlight: Aaron Lynch

This month we'd like to introduce you to Aaron Lynch. Aaron has been working at Big Horn Armory since June of 2021. He is the Production Manager in charge of keeping up with inventory, training employees in the shop, and dealing with issues as they arise. He also fills in at various production task stations, performing some warranty repairs, and test-firing newly produced firearms.

Before joining Big Horn Armory, Aaron worked as a law enforcement officer for 21 years. He has also worked as a Range Master at an outdoor shooting range and repaired various vehicles and equipment.

"I enjoy working with firearms, problem-solving mechanical issues, and working with the extremely knowledgeable people at BHA," Aaron said.

Aaron's favorite BHA firearm is the Model 89B lever action rifle. He has been a fan of the .475 Linebaugh Magnum revolver cartridge for years, and thinks it's a good fit for BHA's lever action rifle family.

Aaron's father taught him how to shoot air guns and rimfire rifles when he was a boy. His first firearm was a Mossberg® 42Mb .22LR military training rifle. When he is not at work, Aaron enjoys working on his firearms and riding motorcycles as his free time allows.
