

Employee Spotlight: Matt Fry

This month we'd like to introduce you to Matt Fry. Matt recently joined the company in June as a Rifle Builder. He fits parts and stocks and assembles our lever action rifles.

"I love working at Big Horn Armory. I enjoy working on firearms that are still hand-built," Matt commented.

He has worked within the firearms industry for roughly 20 years and as a gunsmith for 10 years. He grew up hunting and shooting from a very young age, with his first firearm being a Norinco SKS.

Matt's favorite BHA firearm is the [Model 89 lever action rifle](#) because it is the only 500 S&W Magnum lever action rifle out there. In fact, he is currently designing and building his own Model 89 to add to his collection. When he's not working at BHA, he enjoys hunting, fishing, and hiking with his family.
